

GRADUATE WORKSHOPS

PROFESSIONAL DEVELOPMENT
2014-2015

University of Connecticut
Student Association of
Graduate Engineers

John Wyatt

Senior Advisor,
Carmagen Engineering, Inc.

Tim Tylaska

President,
Tylaska Marine and Aerospace

WORKPLACE DIFFERENCES: Small v. Large Company

Please RSVP Here:

goo.gl/vAqkrT

Wednesday, November 12th, 2014

Student Union, Room 304B

Workshop: 12:00 pm - 1:00 pm

Lunch: 1:00 pm - 2:00 pm

DESCRIPTION:

Deciding whether to choose a large or small company may actually be one of the most important decisions you make while job hunting, especially if it's early in your career. What may be typical and "normal" for a small company could be strange or unusual for a large one and understanding these distinctions is important for you to understand in deciding where to work.

Tim and John will discuss a several areas of interest to students entering the work place such as hiring, job responsibilities, innovation, technology deployment and career risks and rewards. Each area will be discussed from the perspective of a small and large business with Tim and John drawing on their experiences in their respective companies.

BIO:

John Wyatt, Ph.D., is a Senior Advisor for Carmagen Engineering with expertise in the areas of chemical reactor engineering, exothermic reactor safety and biofuels. During his 32-year career with ExxonMobil he contributed to technology development in many core refining processes such as hydroprocessing, thermal conversion and gas treating as well as cutting-edge technologies such as Fischer Tropsche gas-to-liquids and algae-based biofuels processing. Dr. Wyatt was a Commercial Technology Leader for EMRE and holds seven reactor engineering patents. Dr. Wyatt received his Ph.D. at the University of Rochester and was an adjunct professor at The Stevens Institute of Technology from 1996-2000.

BIO:

Tim Tylaska is the owner and founder of Tylaska Marine and Aerospace, Div. of Vector Engineering, Inc. Mystic, CT USA, manufacturer of high end racing yacht hardware, hardware for sport and military parachutes, and aircraft and jet turbine engine components. He is also an owner and developer of Mystic Business Park, LLC, an incubator industrial park for startup businesses in the southeast CT region. Dr. Tylaska received his B.S., M.S., and Ph.D. from the University of Connecticut.
